The OSMA UFH Guarantee

OSMA Underfloor Heating is the only UFH supplier in the UK which engineers and manufactures its products. Each system uses the highest specification components. All systems described in this Product Guide are directly backed by a full product guarantee provided that installation has been in accordance with the instructions provided. Unlike some other UFH suppliers, this guarantee is independently underwritten by insurance. For full details/terms, contact OSMA Underfloor Heating.

NOTE: For plumbed systems, this Guarantee presumes the use of OSMA Flexible Plumbing Pipe (OsmaGold). The Guarantee may NOT apply if pipe from another manufacturer is used.
